1. According to Source, his brother, <sup>one-time</sup> Director of Lvov Hydroelectric Station in Lvov or near Lvov , is coming to the USA in about 1½ months with a group of Soviet engineers. He will also stay with Source and the latter promised to introduce Cz. to him. Lately Subject was in Caucasus "digging under surface". This allegedly Subject had written in his letter to Source. Prior to that he had finished the construction of a huge Hydro Electric Station somewhere in West Ukraine and for that purpose had to flood several villages with Dnister-River.

2. Subject is Ukrainian, aged ~~about~~ 50, no party member , former SS officer of Division Galicia, was taken prisoner by Tito , switched the sides and was promoted to Colonel of Tito-troops. In that rank returned to Lvov after WW II, finished studies, and was given a good job as Director of a Hydro Electric Station. He is married , 4 children. According to Source , Subject was involved in the assassination attempt on German Governor Frack in Lvov during the war and had to make a choice - either to join the SS Division Galicia or stay in prison and get shot eventually. He was not arrested by Sovs after his return from Yugoslavia.

3. Source got in contact with Subject through VOVK, fnu of Windham,N.J. old Ukrainian emigree owner of a big farm, who had returned from a visit to West Ukraine on 5 Nov 1964. Soviet visa he had received with the help of <sup>Ukrainian</sup> members of Soviet <sup>UN</sup> Mission in New York who used to spend summer vacations at his farm, for at least last two years. VOVK'S sister in Lvov teaches English in a School for party-members' children. She knew the Subject and told VOVK about him. Subject <sup>reportedly</sup> ~~saw then~~ VOVK and ~~should have~~ conveyed a message to Source telling him not to come to Lvov because "this might do some harm" to him.
